## PERCRO Lab location close-up

**PERCRO Laboratory**

PERCRO Address:

Laboratorio di RObotica  
PERcettiva (PERCRO)  
Via Alamanni 13 Lotto D/2B,  
Località La Fontina  
56010 Ghezzano (PI)

**Closest BUS Stop (Navetta E)**

Please note: if you never been to PERCRO before, the recommended method to reach us the first time is by taxi. Bus connection to the centre of the town (there is one bus every 20 mins) is advised once familiar with PISA layout.

## Some hotel suggestions in central Pisa

The meeting point is the PERCRO Lab which is located in an industrial area on the edge of the city.

Almost all hotels are in the city centre which is not faraway. The city centre is not too large and can be crossed side to side on foot in about 30 minutes.

There are many hotels, and some options we can suggest based on feedback from colleagues staying in the past are the following:

- [Hotel NH "Cavalieri"](http://www.nh-hotels.it/) <http://www.nh-hotels.it/> (close to the railway station but the furthest from the lab)
- [Hotel Verdi](http://www.verdihotel.it/) <http://www.verdihotel.it/>
- [Hotel Novecento](http://www.hotelnovecento.pisa.it/) <http://www.hotelnovecento.pisa.it/>
- [Hotel Royal Victoria](http://www.royalvictoria.it/) <http://www.royalvictoria.it/>
- [Hotel Bologna](http://www.hotelbologna.pisa.it/) <http://www.hotelbologna.pisa.it/>
